

Engaging Diverse Populations in Prevention Work

Date / Time

Fri, Nov 6, 2020

1:00 - 11:59pm

Location

Virtual

We know that engaging a broad and diverse group of stakeholders is an essential element of successful prevention work. This webinar will focus on some of the stakeholder groups that are often underrepresented in those efforts, including older adults, people in recovery, and members of disparate populations.

We will consider:

- Strategies and resources for engaging special populations
- Ways to identify and mobilize unlikely champions
- The importance of using inclusive, non-stigmatizing language

Don't miss this resource packed webinar!
