

Importance of Screening for Brain Injury in Behavioral Health Settings

Event Topic

[Brain Injury](#)

Date / Time

Wed, May 10, 2023

11:00am - 12:00pm

Location

Virtual

Description

This session will review the incidences and prevalence rates of brain injury within the behavioral health community and the impact of providing brain injury informed services. Iowa's endorsed brain injury screening tool will be featured to include strategies to support implementation and access to the brain injury services program, neuro resource facilitation and Iowa Brain Injury Resource Network.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person who requires a reasonable accommodation in order to participate in this program, please contact Victoria at victoria-keith@uiowa.edu.

The Iowa Board of Certification has approved the training for 1.0 CEU of Counseling Theories & Techniques.

Live ASL interpretation will be provided and Zoom captions will be enabled. Other reasonable accommodations may be requested by contacting Victoria by emailing victoria-keith@uiowa.edu.

Participants will receive a certificate of attendance within 30 days of the webinar.
