

Midwest HIDTA and the Opioid Response System (ORS) Overview

Date / Time

Fri, Aug 9, 2024

1:00 - 2:30pm

Location

Virtual

Join us for an overview of the Midwest HIDTA and the Opioid Response System.

The goal of the Midwest HIDTA is to enhance and facilitate the coordination of regional drug-control efforts among local, state and federal law enforcement agencies in order to reduce drug trafficking and its harmful consequences in critical markets in the region. The Midwest HIDTA strengthens drug control efforts by forging partnerships among local, state, tribal and federal law enforcement agencies in facilitating information and intelligence sharing, cooperative investigations, and joint operations designed to reduce drug trafficking and drug availability. Moreover, the multi-agency HIDTA architecture is highly effective at functioning as a comprehensive and neutral coordination mechanism for law enforcement agencies across all jurisdictions.
