### Date / Time

Wed, Mar 26, 2025

1:00 - 2:30pm

### Location

Virtual

# Session Description

This workshop equips clinicians with essential sports betting terminology to better understand clients experiencing gambling-related issues. Participants will learn key concepts, common language, and betting structures, enhancing their ability to engage in informed conversations, assess risks, and provide effective support for individuals affected by problem gambling.

## Learning Objectives

By the end of this workshop, participants will be able to:

- Define key sports betting terms.
- Recognize betting structures and risk factors.
- Enhance and equip for better client communication and support.

## Registration Information

**While this training is complimentary, registration is required.**

We strongly recommend registering at least 3 business days prior to the webinar to receive full details in advance. Please note, registering later than recommended may mean you will not receive your log-in instructions until the morning of the training session.
