Des Moines, IA 50319

# Where There's Smoke, There Aren't Many Renters

# Join Us

We invite you to add your property to the Smoke Free Homes Registry and become an important part of making sure Iowans and their families have access to safe and smoke free properties to live in.

## Add your rental property and save money by providing residences free from smoke:

- 74% of tenants prefer a smoke free home
- Smoke free homes have a lower risk of fire
- Renovation costs are \$890 less, on average, for a home that hasn't been smoked in
- Insurance premiums are often less for smoke free properties

Learn how to go smoke free and find helpful resources like management checklists, resident notice flyers, signage you can order, sample lease violations and more to help you manage your properties more efficiently. If you have any questions, email [smokefreehomes@hhs.iowa.gov](mailto:smokefreehomes@hhs.iowa.gov)
