

# Identifying Opioid Misuse

There will be four opportunities for you to attend this one day event on understanding the impacts of opioid use for the individual, the community and the nation.

- ✓ January 28th
- ✓ February 25th
- ✓ March 25th
- ✓ April 22nd

10 a.m. - 3:45 p.m. CST.  
Lunch will be held from 12 - 1 p.m.

Each date will cover the same set of topics, participants should only attend one.

## Training Objectives:

After completing the training, the participant will:

1. List the individual and community impacts of opioid misuse
2. Identify an evidence based strategy to screen and address substance misuse
3. Identify appropriate opioid overdose recognition and response strategies

The purpose of the training is to educate community service providers on opioid misuse, overdose and how to screen for high risk substance use. The increase in opioid misuse, overdose and high risk substance use results in a significant need for more behavioral health education to all professionals serving the community.

The Identifying Opioid Misuse Training is presented by Jennifer Robertson-Hill, LMHC and Monica Wilke-Brown, LMSW.

For questions about registration, please contact Iowa State University at [registrations@iastate.edu](mailto:registrations@iastate.edu).

The "Identifying Opioid Misuse" training is sponsored by the Iowa Department of Public Health and funded by the Office on Women's Health and Substance Abuse Mental Health Services Administration, Department of Health and Human Services. For more information, please contact Jennifer Robertson-Hill at [jennifer.robertson-hill@idph.iowa.gov](mailto:jennifer.robertson-hill@idph.iowa.gov).

December 2020

# Agenda:

- 10:00 – 10:30 a.m. .... Substance Use as a Public Health Issue
- 10:30 - 11:00 a.m. .... Barriers to Accessing SUD Treatment & Health Equity
- 11:00 - 11:15 a.m. .... Overdose Recognition and Response/Naloxone Administration
- 11:15 - 12:00 p.m..... Basics of Medication Assisted Treatment
- 12:00 - 1:00 p.m..... Lunch
- 1:00 - 2:00 p.m..... Introduction to SBIRT
- 2:15 - 2:30 p.m..... Break
- 2:30 – 3:45 p.m..... Implementation of SBIRT

This opportunity will provide information on how to recognize an overdose, how to respond to an overdose and administer naloxone. It will also explain the basics of medication assisted treatment/recovery and an introduction on SBIRT and how to implement SBIRT.

The target audience for this conference is community service providers and health professionals who would benefit from behavioral health education.

There is no registration fee. Lunch will be for one hour. To register, please visit this website <https://www.regcytes.extension.iastate.edu/opioidmisuse/>.
