

## Training Objectives:

After completing these trainings, the participant will:

1. Educate professionals on the unique needs of individuals impacted by behavioral health conditions.
2. Identify recent trends in substance use and problem gambling.

The purpose of the Virtual Learning Series is to provide continuing education on behavioral health topics for professionals working with individuals impacted by substance use and/or mental health conditions.

The target audience for these trainings are community service providers and health professionals who would benefit from behavioral health education.

The information shared at this event is presented as an opportunity to expand awareness and knowledge. Views expressed by speakers do not represent the views of the Iowa Department of Public Health, nor does IDPH control or guarantee the accuracy of this information. IDPH does not endorse individual vendors, products or services.

There is no registration fee for the Virtual Learning Series. To register, go to <https://www.regcytes.extension.iastate.edu/behavioralhealth/register/>. During the registration process, attendees must register with their first and last names in order to receive continuing education awards or contact hours. The email provided during registration will be used to inform participants of any cancellations.

For questions about registration, contact [registrations@iastate.edu](mailto:registrations@iastate.edu). For questions about program content, contact [Kayla.Sankey@idph.iowa.gov](mailto:Kayla.Sankey@idph.iowa.gov).

Sponsored by the Iowa Department of Public Health and coordinated by Iowa State University - Conference Planning and Management. Funding provided by state appropriations, the State Opioid Response (CFDA 93.788) federal grant and the Substance Abuse Prevention and Treatment Block Grant (CFDA 93.959).
